

AFFIXES

Lembre-se que os prefixos e sufixos são “pedaços de palavras” adicionados a uma palavra “base”, chamada de raiz (root).

Ex: misunderstand = mis (prefix) + understand (root)
singer = sing (root) + er (suffix)

O uso de afixos é muito importante para o processo de formação de palavras (word formation), pois possibilita a criação de novos vocábulos

Ex: healthy → unhealthy
(root) (new word)

easy → easily
(root) (new word)
